RIPANS
The simplest remedy for indigestion, constipation, biliousness and the many ailments arising from a disordered stomach, liver or bowels is Ripans Tablets. They have accomplished wonders, and their timely aid removes the necessity of calling a physician for many little ills that best be kept from growing into serious ones. They go straight to the seat of the trouble, relieve the distress, cleanse and cure the affected parts, and give the system a general tonic. The Five Cent packet is enough for an ordinary occasion. The family bottle, 60 cents, contains a supply for a year. All druggists sell them.

STATEHOOD BILL

This Is the Measure Toward Which the Senate Turns Its Eyes.

TWO MAY BE CUT OUT
The Chances of New Mexico and Arizona Do Not Seem to Be Very Favorable.
Majority of Committee Favors the Admission of Oklahoma Alone.

Washington, Dec. 3.—The senate committee on territories today took up the bill for the admission of the territories of Oklahoma, New Mexico and Arizona, as states, preparatory to the report to be made to the senate later in the day in accordance with the unanimous agreement arrived at last session. The Republican members of the committee with the exception of Senator Quay were in conference during the greater part of the day analyzing and classifying the testimony taken by the subcommittee which visited the territories during the month of November. While no authoritative statement has been made, Republican senators generally understand that with the exception of Senator Quay, the Republican committee members favor the amendment of the bill so as to provide for the elimination of New Mexico and Arizona and for the admission of Oklahoma alone.

One hour and fifteen minutes were consumed in reading the president's message yesterday. Almost the entire Republican representation was in their seats, but not more than half the seats on the Democratic side were occupied. The closest attention was paid to the message as it was being read, and frequently senators would confer regarding some special portion of it which had attracted their particular notice. A number of bills and resolutions were introduced following a brief executive session. The resignation of the Rev. W. H. Milburn, the blind chaplain of the senate, was received with genuine regret. He had become a familiar figure in the body and was personally acquainted with every senator. No action was taken on the resignation.

IN THE HOUSE

Strike Commission's Expenses Is Being Considered.

Washington, Dec. 3.—The house was in session an hour and forty minutes yesterday. One hour of that time was consumed in reading the president's message. The reading was listened to with attention by members without regard to party, but without demonstration except at the conclusion of the reading, when the Republicans applauded generously. Mr. Cannon, chairman of the committee on appropriations, gave notice that the bill to defray the expenses of the coal strike commission would be called up today. The deaths of the late Representatives DeGraffenreid and Shepherd of Texas, which occurred during the recess, were announced, and after adopting the customary resolutions of regret the house adjourned as a further mark of respect to their memories.

Clear Field For Cannon.
Washington, Dec. 3.—Representative Dabell of Pennsylvania has withdrawn from the contest for the speakership of the house of representatives in the 55th congress in favor of Representative Cannon of Illinois, who has been endorsed for that office by the Pennsylvania delegation in the house. This practically assures Mr. Cannon a unanimous vote for speaker in the Republican caucus.

AGAIN AT WORK

Hearings of the Coal Strike Commission Resumed.
Scranton, Pa., Dec. 3.—The anthracite coal strike commission resumed the hearings at 10 o'clock this morning, all members present. An informal conference of the commissioners was held last evening and the subcommittee made a report of what little it had to do during the recess. When the commission adjourned week before last it was hoped by the arbitrators that the contending parties would come to an understanding on some, if not all, the points in dispute, and while they do not say anything, it is known the commissioners are a little disappointed at the failure of the two parties to agree. They will now proceed as they have done heretofore and listen to all the information that either side has to present. The commissioners have no idea how long the hearing will continue.

The Latest Combine.
Detroit, Mich., Dec. 3.—One of the biggest deals ever made in the state of Michigan was consummated in the office of W. C. McMillan here yesterday, when seventeen of the leading malleable iron concerns in the United States signed an agreement to form one big company with capital from \$16,000,000 to \$20,000,000.

Sentenced For Life.
Evansville, Ind., Dec. 3.—Charles Fening, a miner, who shot his wife to death last summer, confessed yesterday and received a life sentence.

INDIANA'S DISGRACE

Amazing Prevalence of Whitecapping Shown in Court.

Indianapolis, Dec. 3.—An interesting feature of the famous Jennings damage case now on trial before Judge J. H. Baker of the federal court is the development of the extent of whitecapping and mob violence in Indiana. The complainant's attorney, in trying to find out the views of the jurors, disclosed that in eight or nine of the twelve counties represented there have either been whitecappings or lynchings. This is doubtless a shock to the people who are always talking of permitting the law to take its course, and it is surprising to those who have followed the drift of such matters. A few years ago whitecappings were of frequent occurrence in counties in the central and southern part of the state, and even now they bob up once in a while. The members of the jury declared that they favored the law taking its course, yet two or three frankly admitted that if a member of their family was a victim of the crime for which men are lynched these days, they would not say what they would do. It would not be surprising if the state laws are amended in the near future so that the men who commit crimes inciting mob violence may be summarily dealt with in the courts. As it is, the examination here has demonstrated that but few localities have been without a whitecapping or a lynching at some time.

Interest is still intense in the grave robbery cases here. The continuance of the trial of Dr. Alexander has caused considerable speculation, but his attorneys demanded it on the ground that the filing of the affidavit of information throwing the burden of proof on him made a delay necessary. The case, however, according to the state's attorneys, is to be presented vigorously. The public is inclined to be suspicious because the medical fraternity wields a big political influence and there are some who will say the trial is not just exactly on the square, no matter what is done. The disclosures in the grave robbery cases is liable to result in a new law making provision for bodies of the colleges so that it will not be necessary to employ ghouls. The present law is inadequate and according to the views of many people is largely responsible for the horrible conditions that have prevailed. Anyway the disclosures are liable to check the wholesale robbing of graves for a while.

The politicians are anxiously waiting some news from Washington regarding the federal judgeship. It was learned today that the friends of R. O. Hawkins are not as confident as they were recently that he had a clinch on the place. It seems that the statement that he had the appointment nailed down was a trifle premature, although he is undoubtedly a favorite with a great many. It is the opinion of Hawkins' friends that if he does not get the place that it will go to C. C. Shirley of Kokomo, who was considered for the vacancy on the United States circuit bench caused by the death of Judge Woods. The name of Edward Daniels of Indianapolis is now prominently mentioned. He is young, but one of the most prominent attorneys at the Indianapolis bar. He is present master in chancery of the court. The other formidable candidate is A. B. Anderson of Crawfordsville. It is likely that something will be done at Washington at once in the matter.

Rapid progress is being made on the new federal building here. The laying of the granite began today. A large force has been working for several months on the foundation, which is more than half finished. The government builds for the future, as the great cement footings and heavy foundation walls, some of which are ten feet thick, show. Nearly 2,000,000 brick have already been used. The granite is coming from Vermont and the stone for the main walls from the Bedford quarries. It is a good deal like putting up a big block house with the blocks cut the right size and marked for the right place. None of the granite, marble or stone will be cut here.

Both Will Die.

Spencer, Ind., Dec. 3.—Fannie Freeman, who was shot by her sweetheart, Tom Livingston, near Whitehall, Sunday night, is still alive, but has suffered several hemorrhages of the lungs, which indicates the seriousness of her wounds. The ball has not been located. Young Livingston is in a more serious condition than Miss Freeman. The physicians say neither will recover.

Hoosier Postmasters.

Washington, Dec. 3.—The following nominations of Indiana postmasters were handed to the senate yesterday: S. I. Den, Bourbon; W. R. Nesbit, Sullivan; T. R. Butler, W. A. Devault, Chubbuck; C. W. Elliott, Mid-debury; W. W. Hall, Owensville; R. V. Claxton, French Lick; O. Guyton, Cambridge City.

A Notable Victory.

Kokomo, Ind., Dec. 3.—At the session of the Howard county commissioners yesterday there were applications for saloon license, as all the applicants had been defeated by the blanket remonstrance. This was the first time in twenty-five years that a license has not been asked for.

Cows Gain Liberty.

Madison, Ind., Dec. 3.—The council at Vevay has voted in favor of allowing cows to roam in the streets and alleys.

A BIG NAVAL GAME

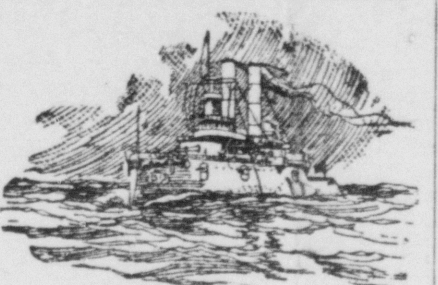

Coming Maneuvers Off Cuba Promise to Be Very Interesting.

NOW READY TO SAIL

Caribbean Waters Teeming With the Big Battle Ships of Uncle Sam's Navy.

Some of the Points to Be Considered in the Approaching Contest.

United States Flagship Iowa, Port of Spain, Island of Trinidad, Dec. 3.—The problem presented in the coming naval maneuvers requires Admiral Sumner to fortify a port with mines and guns, to do which he is allowed six hours. Should Admiral Higginson appear with a superior force before the expiration of that time, Admiral Sumner will be considered as defeated. To determine the strength of the opposing squadrons, the department

THE IOWA.

has given a battleship the value of twenty points; a heavily protected cruiser eight points; a smaller protected cruiser five points; a gunboat three points, and a torpedo boat or tender one point each. It is estimated that Admiral Higginson has 126 points and Admiral Sumner 66 points. If the estimate is correct it is claimed it would be folly for Admiral Higginson to divide his battleship squadron, numbering 80 points, and that they must act together, that on hearing of the arrival of Admiral Sumner's squadron he can hasten to attack it. Some officers believe Admiral Higginson will separate his battleships into two divisions and form a division of fast cruisers which will hold the balance of power and reinforce the battleships.

It is believed here that Admiral Higginson has arranged with the U. S. consuls and weather observers in the West Indies to report the appearance of Admiral Sumner's vessels and has made telephonic and telegraphic arrangements in Porto Rico, so that if a port of that island is attacked he will be immediately advised. The distance from Trinidad to the nearest base is 570 miles in a straight line and 700 miles by the outside course. Leaving Trinidad on Friday morning Admiral Sumner cannot possibly reach his destination before Sunday morning, and he may proceed slowly and arrive Monday or even later. All lights will be out at night except a red lamp aft to serve as a guide for the vessel following. It is permissible to hoist neutral colors in order to deceive the scouts of Admiral Higginson's squadron. Admiral Sumner is allowed to drop his slow ships, though he sacrifices points by so doing, and as his squadron is inferior to that of Admiral Higginson, Admiral Sumner possibly will prefer to hold his vessels together as long as possible and be prepared to detach them on any attempt being made to entice them away on Admiral Higginson's scouts fighting him.

The squadron is constantly engaged in target practice, in order to make a record off Culebra Island. The Iowa will have finished coaling today and then the squadron will be ready to sail.

HEAVY WINDS

The Southland Storm Swept and Much Damage Done.

Louisville, Ky., Dec. 3.—A severe storm of wind and rain swept over a portion of the South yesterday, causing considerable loss to property and several casualties. The greatest damage was that done to telegraph and telephone wires, communication with some points in the Southwest having been interrupted for the greater part of the day. Southern Louisiana, northern Mississippi, western Tennessee and southeastern Alabama were the chief sufferers. The storm struck New Orleans shortly before daylight and blew down the house of Prof. John Denier, a brother of Tony Denier, the clown, probably fatally injuring him. Mrs. Denier was also seriously injured, while her mother, Mrs. Fontich, and her sixteen-year-old daughter were slightly hurt.

The storm also was very severe in the vicinity of Clayton, Ala., where trees were uprooted and houses blown down. It is feared that loss of life and serious losses among livestock may be reported when full details of the damage are received.

Many Sailors Lost.

London, Dec. 3.—Storms are continuing with great violence against coasts of the United Kingdom. Many wrecks are reported and bodies of men lost in these disasters already are being washed ashore. Navigation around the northeast coast is almost paralyzed.

DARING BUSINESS

Montana Bank Robbers Work in Daylight.

Butte, Mont., Dec. 3.—A bold daylight burglary was committed in the bank at Bridger yesterday afternoon. Cashier Trumbo was at work inside the bank when he was aware of two men entering the bank. He looked up to see two revolvers pointing directly at his head. A third man, also armed, stood at the door, evidently to prevent interference.

"Hold up your hands," said one of the two robbers. Mr. Trumbo complied. At this instant Mail Carrier Frank Williams appeared at a side door and was immediately covered by two pistols.

Williams and Trumbo were ordered to the wall, both with their hands high up. While one man covered them with his pistols the other man ran behind the counter and grabbed all the money in sight, about \$2,000.

All three men stepped out of the door, mounted their horses and fled. Every horse in sight was pressed into service and pursuit was begun. A mile and a half out of town the posse began shooting from the saddle. The robbers wheeled in their seats, returned the fire and held their pursuers off until they reached the timber. They have not been seen since. It is believed the men will make for the "hole in the wall" country.

Conspirators Failed.

Victoria, B. C., Dec. 3.—The steamer Kaga Maru, which arrived yesterday from the Orient, brought news of an attempt on the life of the emperor of Japan when the imperial train was at Osaka, en route to the scene of the maneuvers of Kinshin. A number of conspirators had gone there and arranged to blow up the emperor's train, but the police authorities learned of the plot and the would-be dynamiters fled.

Condition Critical.

Philadelphia, Dec. 3.—Developments in the murder of Kate Hassett of Keith's Bijou theater stock company, who was shot and killed Monday night by Barry Johnstone, an actor formerly with Richard Mansfield's company, indicate that the crime was premeditated. Johnstone, who after he had shot the woman attempted suicide, is in a critical condition.

Lucky Kansan.

Monterey, Mex., Dec. 3.—For \$500 Grant Gillette, a former Kansas cattle man, has secured a lease on a mine yielding daily fifty tons of ore, selected shipments of which have brought \$5,000 a ton. Former operators of the mine have worked it at a loss. This is the latest rich strike in the Barral district.

Crew Was Saved.

Sault Ste. Marie, Dec. 3.—The crew of the lost steamer Hebard was rescued Sunday morning and pulled ashore in a "bosun's chair" between the hours of 3 and 10 a. m., while the steamer was pounding on the rocks 200 yards off shore.

INDIANA TORNADO

Southern Part of the State Is Violently Storm Swept.

WRECKAGE IN RIVERS

At Evansville Barges and House Boats Were Sunk and Buildings Cast Down.

Warwick and Posey Counties Were Right in Center of the Storm.

Evansville, Ind., Dec. 3.—The worst storm that has visited southern Indiana in many years swept this section yesterday afternoon about 3 o'clock, sinking barges and houseboats on the river, tearing down buildings and playing havoc with telephone and telegraph wires.

One of the new buildings of the Evansville Gas company was demolished at a loss of \$30,000. Several other buildings were badly damaged. The wind attained a velocity of fifty-four miles an hour, the greatest since the station was established here. The storm was especially severe in Warwick and Posey counties, where several buildings are reported wrecked. Thus far there has been no loss of life reported.

WOUNDED BURGLAR

Evidence That One of Westville Desperadoes Was Hurt.

La Porte, Ind., Dec. 3.—A report from Westville says a man named Acker saw two men near his farm Sunday morning, one of whom was seriously wounded in the leg that his companion had to aid him in walking. A stocking soaked in blood has been found, which indicates that the man stopped to dress his wound. It is supposed that the man is one of the gang that tried to rob the Smith bank at Westville, when William Reynolds was killed.

Detectives are flocking to Westville in the hope of getting the \$1,000 reward offered by the American Banking association for the capture of the burglars. The Smith bank is a member of the association. Many people believe that the burglars are hiding not many miles from Westville, owing to the crippled condition of one of the men.

Killed By Train.

Brazil, Ind., Dec. 3.—The badly mutilated body of an unknown man was found on the Big Four tracks west of Perth yesterday. He had evidently been struck by one of the trains. He was well dressed, but there was nothing on his person by which he could be identified. He was about thirty-eight years old. The body will be brought to this city and held until claimed.

Found In Chicago.

Greensburg, Ind., Dec. 3.—Elmer Hill of Greensburg, said to be one of the participants in the fake footrace at Springfield, Ill., last summer, when Robert Schoffner was swindled out of \$65,000, has been arrested in Chicago. Hill left for Chicago soon after the race and the authorities have been looking for him. He will be brought to Greensburg, where he lived for many years.

Sherwell's Case.

Evansville, Ind., Dec. 3.—The second trial of Wilbur S. Sherwell for alleged murder will begin in the circuit court Dec. 12, when he will answer to the charge of killing Fannie Butler, a mulatto. Sherwell was tried for the murder of Mrs. Georgia Ralley and cleared. At present two indictments for murder stand against the prisoner.

Dangerous Injuries.

Roachdale, Ind., Dec. 3.—Jas. Rice, a farmer, was dangerously hurt yesterday while hauling a load of fodder to town. The team became frightened, the fodder fell off and Rice fell between the horses and wagon. He was kicked by the animals and the wagon ran over him. He was badly mangled and may not recover.

NONE SUCH MINCE MEAT

Here you have the brand, the package and the product—two large pies (a fruit cake, a pudding or a batch of hermit cookies, if you prefer). Ask at your grocers for **NONE SUCH** and insist on getting it. Trial will convince every housewife that all other brands—condensed, bulk or wet—are inferior. **NONE SUCH** is not a "store" mince meat—it's home made—the kind "like mother used to make." In each 10-cent air-tight carton or package there's three-quarters of a pound of mince meat, to which one and three-quarter pounds of water may be added. We sell the mince meat, leaving you to supply the water.

All grocers sell **NONE SUCH**.

IT is evident that the guessing contest returns have not been up to expectations. But the Enquirer has reaped a big harvest from the guesses at fifty cents a guess.

PRESIDENT ROOSEVELT'S message to congress is remarkably clear and conservative. He covers the public questions now prominently before the country in a manner that will not be misunderstood. His recommendations to congress are dignified and statesmanlike. A more readable message has probably never been submitted by any president.

A Big Steer.

W. H. Rapp, who has just returned from Sullivan county, says that he saw what is said to be the largest steer in the United States at Carlisle. It is owned by Dr. W. A. Lismann. The animal is six years old, is 19 1/2 hands high, its body is 16 feet long, girth of ten feet, and weighs from 3,500 to 4,000 pounds and is still growing.

PRESENTS MADE AT HOME

TURNOVER COLLAR CASES.

Very Dainty Receptacles For Lace, Muslin and Linen Collars.

A natty and useful contrivance for a young lady's Christmas present is a sachet case for the reception of the small linen and muslin collars now so much in vogue. Two pieces of cardboard about 15 inches long and 6 wide are covered with any fancy silk or brocade, bands of ribbon being arranged on the inside to keep the collars in place. The charming sachet of pretty colored silk, with a movable square of embroidered muslin, edged with lace, is intended for handkerchiefs.

Another collar case is composed of Berlin wool and canvas, white and fine. Cut this into a large or small square, according to the size of the case you wish to make, and then fold into the shape of an envelope.

On the flaps work in silk any conventional design, such as those seen on old samplers, and if you wish to elaborate the case you can put a worked border all around. A very pretty and effective design is that of shamrocks embroidered in different shades of green. They are not difficult and are very effective, but the ordinary lily and rose do not lend themselves to this form of work.

The case is now lined with thin silk of some pretty shade, either to match or contrast with the embroidered design, and the whole envelope bound round with narrow silk ribbon, neatly sewed on. The back of the case can be either embroidered or left plain.

MAJOR GLENN'S CASE

Has Been Reopened By the War Department.

Manila, Dec. 3.—Orders have been received from Washington directing that Major Glenn of the Fifth Infantry shall be put on trial a second time for alleged cruelty committed during the Samar campaign. Major Glenn is charged with having ordered the execution of several native guides for misleading the American columns against the enemy's stronghold.

Major Glenn himself reported the incident, which has been the subject of an extensive inquiry for several months past. Major General Chaffee ordered two investigations to be made by Inspectors General Colmore and Major Watts, who made inquiries General Chaffee forwarded their reports to Secretary Root before he relinquished his command and without making any recommendation. Secretary Root now orders General Davis to formulate charges against Major Glenn and convene a court martial.

Major Glenn is now commanding a post at Bayambang, district of Pangasinan, Luzon, and he was yesterday ordered to hold himself in readiness to appear here for trial. It is said the trial will reopen the entire question of the Samar campaign and consume some time. It is expected that Major Glenn will inform the court that he desires Major General Chaffee and Brigadier General Jacob Smith to be called as witnesses, but it is possible that their depositions will be taken instead.

Major Glenn was tried by court martial at Manila last May for administering the "water cure" to natives during the Samar campaign and was found guilty and sentenced to one month's suspension from duty and a fine of \$500. President Roosevelt approved the findings of the court. Major Glenn returned to duty in September.

ONE WHO WAS PRESENT.

Lecture at Cortland.

Rev. Austin Hunter, of Indianapo-
lis, will lecture in the K. of P. hall at
Cortland Saturday evening, December
6. Subject: "Happy Homes vs. Do-
mestic Discords." Rev. Hunter has
a splendid reputation as a lecturer
and should be given a good hearing.
His lecture never fails to please his
audience.

Goes to Columbus.

Dr. M. B. White, veterinary sur-
geon of Seymour has rented P. H.
McCormack's barn, foot Washington
street. He will move here at once and
set up for business. He will be ac-
companied by George Brackmeyer.—
Columbus Times.

Robert Mantell.

Nothing better has ever come to the
Seymour opera house than will be there
tomorrow night. Remember this is
the engagement of Robert Mantell, the
renowned tragedian, in "The Dagger
and the Cross." There is no ques-
tion about it being first class.

Postponed.

The musical which was announced
for Thursday evening at the Presby-
terian church has been postponed un-
til some future date.

Richard Lowe, special pension agent,
was here from Columbus this morn-
ing. He has been transferred from
this territory to Crawfordsville where
he will move within a few days. Mr.
Lowe is a very pleasant gentleman
and has made many friends in this
part of the state. He will be suc-
ceeded by Capt. Charles Slavens, who
comes from some point in Ohio. As
Mr. Lowe is a native of Tippecanoe
county his removal to that part of the
state will be like getting back home.

PRESBYTERIANISM.

Address by Dr. E. C. Jacka at the
Baptist Church.

The second of the Baptist Young
People's Union lectures on church
history and practice was given Tues-
day evening at the Baptist church by
Dr. E. C. Jacka, pastor of the Pres-
byterian church on the subject of the
doctrine and practices of his church.

The doctor humorously claimed that
since the word "presbyter" means
elder, Adam must have been the first
Presbyterian since he was the first to
whom the term "elder" can be applied.
He discussed the use of the term pres-
byter in the New Testament records of
the early church.

The modern Presbyterian dates its
history from the time of the Reforma-
tion early in the sixteenth century.
Its growth has been vigorous and in-
cluding its missionary operations,
reaches all parts of the earth.

The government and doctrines of the
church were discussed closing with the
reading of the articles of faith. These
conform very closely to those of other
Protestant denominations.

The address was heard with interest,
though the inclement weather prevent-
ed a large attendance.

RAILROAD RUMBLINGS.

Charles Harris, of Daviess county,
aged 66, was run down and killed by
No. 12 Tuesday morning at Cannel-
burg. He was walking on the track.

The wages of switchmen of the Bal-
timore & Ohio Southwestern and those
of the Big Four railroads, at Cincin-
nati, have been increased to the Chi-
cago scale. It makes an increase of
3 cents an hour and a reduction of
two hours.

An investigation of the wreck on
the Panhandle near Indianapolis last
Thursday evening has been made by
Supt. Bushrod Taylor. It is learned
that John M. Long, of Ohio Falls,
conductor of freight train No. 84, his
engineer, brakeman Louis Angel, of
New Albany, who failed to throw a
switch properly and brakeman Phillips,
had each been relieved from further
duty and the fireman was given thirty
days. The crew on passenger train
No. 32 was held blameless.

DIED.

TAYLOR.—W. H. Taylor died at his
home at Medora Tuesday morning
after a lingering illness of several
years. He was fifty-six years of age.
He leaves a widow, who is a daughter
of John T. Henderson, of this city, and
three children.

RUSSELL.—Mrs. Ruth Russell, step-
mother of Noah Russell, of Seymour,
died at the home of her son, Joseph
Russell near Grayford, Jennings
county, Monday December 1, aged 88
years. Funeral and burial Tuesday.
She was a native of Jefferson county
but for many years had lived near
Grayford. She was highly esteemed
by a very large circle of friends. She
was twice married, first to George
Wagoner, and after his death to
James G. Russell, who died several
years ago. The children who survive
are Noah Russell, of Seymour,
Jacob Russell, of Grayford (step sons),
Mary A. Spaulding, of Oklahoma,
Abraham Russell, of Columbus and
Joseph Russell, of Grayford.

JEFFERSON.—Orville Jefferson, col-
ored, died at the home of his parents
in the south-west part of town Monday
evening, aged two years. Burial at
Farmington Tuesday afternoon.

A Beautiful Drama.

Miss Warren who is starred in the
part of Lady Isabelle in "East Lynon"
is a very graceful young woman and
she wears her clothes with that inex-
pressible manner (which the French
call chic. All her gowns are models
of taste and the latest mode prevails
in her costumes from hat to shoes.
The beautiful drama will surely please
our theatre goers when they see it here
on next Friday night. Do not miss it.

Gillette. Subject: "The Signs of the
Times." A cordial invitation is ex-
tended to the public.

Deafness Cannot be Cured.

By local applications as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous lin-
ing of the Eustachian Tube. When the
tube is inflamed you have a rumbling
sound or imperfect hearing, and when
it is entirely closed, deafness is the
result and unless the inflammation can
be taken out and this tube restored to
its normal condition, hearing will be
destroyed forever; nine cases out of
ten are caused by catarrh, which is
nothing but an inflamed condition of
the mucous surfaces.

We will give One Hundred Dollars
for any case of Deafness (caused by
catarrh) that cannot be cured by Hall's
Catarrh Cure. Sent for circulars free.

Tourist Cars to California

Which do you prefer—to go to California in 3 days via the El Paso Rock Island route, or to take 4 days and see the glorious mountain scenery of Colorado and Utah? It is for you to decide.

Rock Island tourist sleepers are operated over both routes—daily from Chicago to Los Angeles and San Francisco, via El Paso; Tuesdays and Thursdays to San Francisco and Los Angeles, via Colorado Springs.

Cars are the best of their kind—as clean as newly minted dollars; good ventilation; same bedding as standard sleepers.

TWENTY-FIVE YEARS EXPERIENCE

Dr. Mayo has a sure cure for Epilepsy

A Strong Statement.

Dr. Mayo has deposited ONE THOUSAND DOLLARS in the bank a forfeit that he has treated more cases of Chronic Diseases and performed more marvelous cures than any three specialists in the state of Indiana. New methods of treatment and new remedies used. All chronic diseases and deformities treated successfully, such as diseases of the Brain, Heart, Lungs, Ear and Eye, Stomach, Liver, Kidney, (Bright's) Disease, Bladder, Rectum, Female Diseases, Impotency, Gleet, Seminal Emissions, Nervous diseases, Catarrh, Rheumatism, Piles, Stricture, Diabetes, etc., etc.

Consumption and Catarrh Can Be Cured.

Cancer and tumors cured without pain or use of knife.

As God has prepared an antidote for the sin sick soul, so He has prepared antidotes for a diseased sick body. These can be found at the

Mayo's Medical and Surgical Institute

After an examination we will tell you just what we can do for you, if we cannot benefit or cure you, we will frankly tell you so. Patients can be treated successfully at a distance. Write for examination and question blanks. Street cars and carriages direct to Institute. Call on our address,

Seeking a Raise.

Chicago, Dec. 3.—With the purpose of formulating requests for increases of from 10 to 20 per cent in the pay of 170,000 railroad employees, committees from four powerful labor organizations are now meeting in Chicago. They are holding daily sessions in four Chicago hotels and may be expected to present their demands to the railroad officials early next week. The four organizations represented by the committees are: Brotherhood of Locomotive Engineers, membership 41,000; Brotherhood of Locomotive Firemen, membership 47,000; Brotherhood of Railroad Trainmen, membership 60,000; Order of Railway Conductors, membership 22,000.
